About Jump Start Dog Sports

We have been proudly serving Southern California's dog sport training needs for 20 years. During this time, Jump Start has grown into a major training facility, featuring world-class instructors and a broad selection of classes designed to meet your training needs.

Jump Start Dog Sports was started in 1996 by Kathy Morris and Pat Weymouth. Their vision was to offer a safe, local place for students to train their dogs. They worked hard to expand the training areas and class offerings. When Kathy Morris retired in 2007, the new owners Addy and Matt Lerner continued to expand the breadth of training opportunities to include new classes such as Frisbee, Rally FrEe, Scent Work and Flyball.

In 2016, Jump Start Dog Sports was acquired by Manuel Gudiño, CPDT, CDBC. Manuel has over 40 years experience working with dogs as a handler, trainer, judge, competitor and behavior consultant, specializing in canine behavior problems, especially those with reactive and aggressive issues.

Manuel's vision is to make Jump Start Dog Sports the premier training facility in Southern California.

Canine Behavior Consulting

Dogs and owners typically don't "speak" the same language. Owners are often unaware of "signs" they give to their dog and the dog's interpretation of their human's body language. This can lead to behavior problems.

At Jump Start Dog Sports, we specialize in helping you and your furry friend(s) to effectively understand and address the following types of behavior problems:

- Dog-to-dog aggression
- Dog-to-people aggression
- Resource guarding
- Anxiety (Situational & Generalized)
- Separation distress
- Nuisance barking
- Destructiveness (chewing, digging, etc.)
- House soiling
- Fearfulness
- Multi-dog households
- Social or training problems
- Unruliness

Manuel Gudiño, CPDT, CDBC is a Certified Dog Behavior Consultant and specializes in helping dogs with behavior problems including aggression and reactivity.
